

# **ADVANTAGES USING THE VERY EFFECTIVE AND ENVIRONMENTALLY FRIENDLY ELECTROLYTE ABIREIN LIQUID DISINFECTANT**

**ABIREIN LIQUID DISINFECTANT** is produced by machines which are designed, developed and manufactured by our company.

Our machines provide an extra strength liquid disinfectant by means of water and an electro chemical reaction.

Besides other disinfecting oxidants, the product contains up to 760 mg of chlorine combinations per one litre, giving the product a shelf life of over 12 months.

The multi purpose **ABIREIN LIQUID** is a very strong and effective disinfectant.

**ABIREIN LIQUID KILLS ALL BACTERIA, VIRUS, FUNGUS AND ALGAE HARMFUL TO HUMAN, ANIMAL OR PLANTS.**

The disinfecting oxidants of **ABIREIN LIQUID** destroy the outer membranes of micro organisms on contact, eradicating them instantly. The eradication occurs by means of a physical process, effectively preventing the possibility of eventual resistance.

**ABIREIN LIQUID** destroys all known multi resistant bacteria and organisms.

**ABIREIN LIQUID CONCENTRATE** is **FRIENDLY TO THE ENVIRONMENT**, very **EFFECTIVE** and **INEXPENSIVE** containing no alcohol, phosphates, tensides, formaldehyde, fragrances or colorants.

**THE PRODUCT IS FULLY BIODEGRADABLE.**

**ABIREIN LIQUID CONCENTRATE** can be diluted with **WATER** as needed to suit any disinfecting application.

When filled in **PET** bottles or cans and stored under right conditions the product has a shelf life of up to **12 MONTHS**.

Based on the disinfecting **ABIREIN LIQUID** we can also supply a water dilute able **DISINFECTANT CLEANER CONCENTRAT**.

In addition to being **FULLY BIODEGRADABLE** this product is a combination of extra strength **DISINFECTANT** and highly effective **INDUSTRIAL STRENGTH CLEANER**.
