

abirein[®]
for your health

**LIQUID ABIREIN CLEANING AND
DISINFECTING PRODUCTS**

**RELIABLE, EFFECTIVE, INEXPENSIVE, SAFE, ENVIRONMENTALLY FRIENDLY
AND FULLY BIOLOGICAL DEGRADABLE**

ABIREIN[®]CLEANSER MADE TO POWERFUL CLEANING PRODUCTS

The alkaline **ABIREIN[®]CLEANSER** is been also produced in our **ABIREIN** processing machines.

ABIREIN CLEANSER is a very alkaline liquid product with a pH – level between 10.5 and 12.

Environmentally friendly cleaning ingredients, scents or colouring can be added to the **ABIREIN CLEANSER**.

The resulting **LIQUID CLEANING PRODUCTS** are very powerful, deep cleaning and fat dissolving.

ABIREIN CLEANSER should not be used as an ingredient producing body care or cosmetic products, because the contact with eyes or mucous membranes is dangerous.

The Products can be effectively used cleaning as follows:

- Sanitary areas
- Kitchens
- Slaughterhouses / abattoirs
- Floors and walls,
- Mobile and stationary equipment
- Food producing facilities
- Public buildings and facilities
- Hospitals and homes for the aged
- Sport facilities
- Hotels
- Household
- Floors and walls in parking houses and factories
- Schools and so on

LIQUID CLEANING PRODUCTS

We produce and supply for different cleaning applications powerful **LIQUID CLEANING PRODUCTS** packed in 5 or 10 litres HDPE plastic cans.

All our products can be diluted with water to suit specific cleaning applications. Each products label has its own dilution instruction.
